

4 Missional Life Habits

Be Present

FULLY ENGAGED IN THE MOMENT

Put away any distraction and truly be in the conversation with the people right in front of you. Grow in relationship with one another. God brought you together for a purpose so be present with one another.

Listen to Learn

HEAR WHAT PERSON IS SAYING

All of us are tempted to listen "just enough" so we can respond or share a story. Listening to learn helps us to learn about the person in front of us. We hear what s/he is saying & what s/he is not saying. We know the person better as a child of God.

Serve

LOVE IN ACTION IN HUMILITY

"True service builds community" - Richard Foster
Serving in humility we share God's love with the person in front of us. Through serving we share the Gospel in action. We grow in trust with one another as the relationship grows.

Share

TELL WHY YOU LOVE JESUS

Now as trust is built between one another you can share why you love Jesus. The conversation deepens spiritually as led by the Holy Spirit. Together you share community with one another & the Church Universal.
